## Konnect Online : Programme Highlights

### Programme 1 Proficiency in Communication

Learn the basics of good communication including: grammar fundamentals; tips to improve vocabulary; how to converse well in formal and informal situations; and how to write without errors.

### Programme 2 Mastery in Communication

Learn advanced business communication skills including: email language and email etiquette; how to write good reports; how to prepare verbal and written presentations; and presentation Do's and Don't's.

### Programme 3 Professional Development

Learn corporate skills and professional tools instrumental to success in domains such as: time management; problem solving; multitasking; setting and achieving goals; professional etiquette; and working across diverse cultures.

### Programme 4 Personal Development

Learn skills critical to both personal and professional success such as: dressing and social etiquette for formal and informal situations; conflict resolution; the importance of body language and non-verbal communication; and working with diverse management styles.

### Programme 5 Project Management Tools

Learn to make the most of the many functionalities in MS Word, MS Excel, and MS Powerpoint to become a champion in project management. Also learn how to use the wonderful tools offered by Google Drive to organize, maintain, and track data and information.

### Programme 6 Career Building

All careers begin with resumes and interviews. Be a step ahead of others by learning how to: write and customize resumes; prepare for and conduct yourself in face-to-face interviews, group discussions, phone interviews, and video interviews.
